

Prince William Academy
Inclement Weather and School Closing Procedures

Prince William Academy follows the Prince William County Public Schools in closing for the day or delaying the start of the school day due to inclement weather conditions. **If PWCPSS closes for the day, we will be closed for school as well. If PWCPSS delays opening by one or two hours, we will follow suit.**

However, **we do try to open for childcare whenever possible, including snow days.** We do our best to open on time, by 6:00 am, if road conditions allow our staff members to get here safely. Please call the school at 703-491-1444 if you plan to bring your child on a snow day to ensure that our staff have arrived. Any child may come for childcare on a snow day; a fee may be assessed for this service.

If either the Prince William County Government or the Federal Government close for the day, we will be entirely closed--no school or childcare.
